From the Director:

July circulation sets record! Our circulation for the month of July was a record high 5,049 items! Community support for our newly expanded and renovated library has been overwhelming. The past five months since we re-opened on April 1st have simply evaporated. And while we acknowledge that signage is still lacking and that prints and photographs remain to be hung, our primary focus remains connecting our patrons with the books and non-print materials that you most want. To that end, we continually strive to improve our collection by adding new materials and genres (our new children's music collection on CD and our very well received independent films collection on DVD) and to improve access to it by frequently re-evaluating how we shelve and display our materials. We have also designed new computer generated spine labels that should greatly improve "readability" as you search for items on our shelves. During September we hope to have

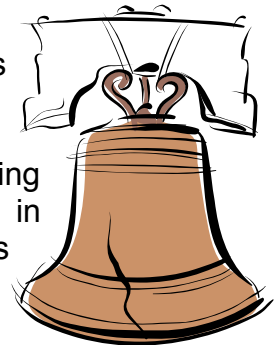

our fish tank returned on its new base cabinet, and new adult display shelving and our much needed newspaper shelving installed. Work also continues on our Young Adult area. Your suggestions are greatly appreciated and always welcome.

Open House and Children's Center Dedication

On Saturday, September 25th at 2:15 PM the Library will formally name our new children's area in honor of Joan Starkweather, Library Director, 1981- 2001. We invite and encourage everyone in the community to join us during the Town Hall/Library Open House to celebrate this wonderful occasion honoring Joan's many years of devotion to the community through her role as Library Director. A recognition fund has been established by a Rush resident to honor Joan. Donations should be made payable to the Rush Public Library.

Freedom to Read

Libraries across the nation will be celebrating our "Freedom to Read" during "Banned Books Week" in September. Libraries "represent everything antithetical to the the 9/11 tragedy. They represent freedom of expression, celebration of diversity, a level playing field, preservation of heritage, and commitment to the future". Our display of frequently challenged books will be available during our Open House. Please join us in our celebration of the "freedom to read" that we so cherish in America by reading a "banned book" during September.

September Children's Events
LIBRARY TREE! On Tuesday, September 14th, children (toddlers – grade 5) who live in Rush are invited to come and make your mark on the Library Tree off the Children's room. A \$2.00 donation per child (\$5.00 maximum per family) to support future children's programming will allow your child to leave a

paint impression of his or her hand as a "leaf" on our tree. Registration begins Thursday, September 2nd, and is required for this event. Refreshments will be served. We are looking forward to this fun activity and hope that many families will participate.

PRESCHOOL STORYHOUR- Once again we are pleased to offer a story time for children ages 3-5 on **Thursday mornings from 11:30 AM – 12:45 PM**. Children must be able to sit by themselves, listen to stories and participate in simple craft activities. This program begins on **Thursday, September 16th and ends on December 9th**. Class size is limited and registration is required. Children must be 3 years old by September 1, 2004. Registration begins on Thursday, September 2nd.

AMERICAN GIRLS CLUB- Welcome back to those children we have missed in the past year and welcome to **children ages 6-10** who wish to join our club. We will meet for the first time on **Tuesday, September 21st from 7:00 - 7:45 PM**. Each 3-week session focuses on one particular character with a reading of one book and an activity upon the conclusion of the book that relates to that time period. Our first American Girl will be Kaya (a Nez Perce Indian girl circa 1764). Class size is limited and pre-registration is required. Registration begins Thursday, September 2nd. Contact Joan Celentano at the Library for any further information.

New Faces at the Library

Three new Library Pages have been hired and training has begun. Megan Koster (Biondo Court), Julia Eddy (Mill Road) and Collin Vanable (Works Road) are the newest Library employees. It is a pleasure to welcome these new young Rush residents to our staff.

Summer Reading Thank You!
Our 2004 Summer Reading Program was a great success this year thanks to all of the

wonderful family participation! We are also very grateful to the following sponsors for their generous support:

Applebee's, Brongo Bowl, Bruegger's Bagels, Burger King, Chuck-E-Cheese, Dipper Dan, Krispy Kreme, McDonald's, Minnehans Fun Center, Moreland the Magician, Nothnagle Realtors-Marian West, Park Lane Pizza, Renaissance Faire, Rush Market and Deli, Seneca Park Zoo Society, Tops Friendly Markets, Tom Wahl's, Wendy's, Wildwood Country Club, Woods Oviatt Gilman, the Red Wings and the Monroe County Library System.

FIRE DISTRICT: The 2005 fire district budget was approved by the Board of Commissioners at the August 24th meeting. The total budget was \$280,000. This includes equipment reserve fund towards new apparatus, the radio & pager upgrades program and air pack replacement program. The capitol building reserve fund is also added to annually. **The tax rate submitted to the town for collection will be \$1.15 per thousand – this is a 2 cent reduction from the \$1.17 collected last year.** By NYS laws our spending limit for 2005 was \$ 334,000. We prepared a budget of **\$54,000 BELOW** that limit. We had funds in this year's budget for the drainage work in front of station one and the fence around the work pad in the rear of station one. If we do not get it done this fall we will carry the money over till spring 2005. We plan on painting the interior of the truck room in 2005. Our general insurance and compensation insurance budget was increased. It went from \$19,000 in 2003 to

\$27,699 in 2005. Our total insurance for 2005 is over \$45,000, or 16% of our budget! Our utility costs are over \$20,000. Our equipment maintenance costs continue to go up also.

FIRE DEPARTMENT & AMBULANCE:

Five members attended the FASNY (State Firemen's Association) convention and training seminars in Huntington NY from August 19, thru 21. They attended seminars on "Where the Fire Service is going", "Response to a WMD (Chemical, Bio or Radiation) and what to do for the first 30 minutes". "EMS response to WMD", Leadership seminars and an update on the e-learning system that FASNY is putting in. They had a roundtable discussion on common problems that the volunteer fire service and EMS is dealing with around the state and nation. They also attended the "Firefighter of the Year" awards and memorial service. The NYS Attorney General Elliott Spitzer addressed the 300 people present on Friday morning. FASNY has over 21,000 members statewide. If you want more information on this association or info on the awards, go to FASNY.com.

The Rush FD sponsored 2 kids to the Burn Survivors Camp this year at a cost of \$260.00 each.

The members are working on the new 2004 Ford F-350 brush/utility truck. It had the NFPA required stripping and our logo put on the doors in August.

FUND DRIVE: The second request will be going out soon. These reminders are for the residents who did not respond or told the firefighter who called on them that "they would mail it in" back in May. Over 1,000 of the 1,300 residents sent in a donation – this is unheard of in most FD or EMS fund raising efforts – **A SINCERE THANK YOU TO THOSE WHO RESPONDED!**

LADIES AUXILIARY: The "Pat Meese" memorial garden has been started on the south west side of station one.

WEB SITE: NEW SITE IS **RUSHFD.ORG**. You have to go back to the home page to access the other items on the menu of the site – we are getting that fixed soon.

Hopefully everyone in town has maintained a good outlook despite our wet summer months. I wanted to take a moment and explain some of the details of the Annual Re-assessment Plan which the town is involved in. This

assessment plan offered by New York State is currently popular with many towns partially due to the \$5/parcel/year funding from New York State. This money helps to pay for the costs of the annual re-assessment project as well as assessment office equipment upgrades which in turn help to provide for an accurate assessment roll.

During the late fall/early winter the town will obtain the services of a "Revel Consultant" who will complete a statistical analysis of our current assessments in relation to current sale prices. Along with this analysis, the New York State Office of Real Property Services will be completing their own study. The two reports will then be compared and a decision will be made by the local assessor together with ORPS assistance, what portion of the upcoming 2005 roll will need to be updated. All portions of the assessment roll are examined in the analysis and areas falling outside of the state parameters will likely need to be adjusted. One important point **I would like to stress is that rising assessed values do not necessarily translate to higher taxes.** The assessment roll is simply the method of allocation of the budget based on value (ad valorem tax). The annual re-assessment plan is a relatively new program and I will update you with other information in future newsletters.
