CORRESPONDENCE

All correspondence was read.

BOARD BUSINESS:

There was discussion of the Conservation Board sponsored community hike on the B.O.C.E.S. property, scheduled and publicized for May 3, 2014, at 10:00 AM. Julia reported that Phil Daggar, who had agreed to lead the hike, has now developed a conflict with the date. He has offered to conduct a pre-hike on April 19, for a small group, so that one or more of those participants can learn the route and substitute for him on May 3. Some members agreed to participate in the pre-hike, and Julia said that she will let Phil know.

It was noted that if there is serious rain on May 3, then per the newsletter the hike would be rescheduled for the rain date of May 10, when Phil will be available to lead.

The B.O.C.E.S. property size, topography, and geographic features were reviewed.

With no further business, the meeting was adjourned at 8:10 PM.

Respectfully submitted,

Julia Lederman
