REVIEW OF APPLICATIONS

Application 2014-03P by James Glogowski, agent for Amy Schubach, for subdivision and site plan approval to subdivide 6.0 acres with an existing house from a parcel containing 14.4 acres. A single family dwelling is planned for the lot containing the remaining 8.4 acres. Property is located at 8106 East River Road and is lot # 2 of the Sielaff Subdivision. Proposed new lot will be on the west side of Woodruff Road. Property is located in an R-30 Zoning District.

The Conservation Board reviewed the above said application and commented that a swale or drainage line should be run around the septic system as a natural swale is beyond it. The Board questioned where the barn and its runoff will be located.

BOARD BUSINESS:

The Board would like an agenda posted on the website and emailed to all for the following month.

The Board is concerned about the condition of the Town Hall park trail and would like Mark David, Highway Superintendent, to address the issue.

With no further business, the meeting was adjourned at 8:30 PM.

Respectfully submitted,

David K. Watson
